

Major Components List

- ABS module (Wabco & Bendix)
- ADAS (Radar & Camera)
- Air compressor (Hydrovane)
- Axle (front and rear)
- BTMS components (BMW compressor and CAN/LIN converter)
- Charge controller, battery gateway or vehicle controller (M560 or M580)
- Coolant pump (EMP & Grayson)
- DCDC converter (Astrodyne, Bel Power & Aradex)
- E-heater (Webasto & Eberspaecher)
- Electric motor (Sumo MD & HD)
- ESC control unit (Wabco)
- Fuel heater (Proheat , Spheros & Eberspaecher)
- HV battery (LG, BMW & Lion)
- HVDU or DCJB (High Voltage Junction Box)
- Hydraulic pump (Settima)
- MCU inverter (CO150, CO200 & CO300)
- MD4, MC43 & M31 (Parker)
- Neuro management module (TM4/Dana)
- On-board charger (BCI20, DRS & Current Ways)
- Power steering components

IMPORTANT NOTICE

Major components listed must undergo the parts replacement and approval process prior to removal and replacement. A service ticket must be initiated, requesting Lion's technical assistance.

Comprehensive and specific data must be collected to substantiate the claim and obtain authorization for replacement. Non-compliance with this process may lead to delays, rejection of the claim, or potential voiding of the component warranty.
